

How to submit a chapter proposal for Protostars and Planets VII

Authors: Shu-ichiro Inutsuka (Nagoya), Motohide Tamura (Tokyo), Yuri Aikawa (Tokyo), Takayuki Muto (Kogakuin), Kengo Tomida (Osaka)

Short Summary:

This file is a template of a chapter proposal for Protostars and Planets VII. The proposal should be no more than **4 pages** including figures and tables but excluding references. You may adjust some cosmetics like margins, but **do not change the page size (a4paper) and font size (11pt)**. The proposal should be submitted as a single **PDF** file, and its size should not exceed **5MB**. Submission is now open through the conference website (<http://ppvii.org/>) until **April 1st, 2020**.

List of Sections:

1. Rationale of Protostars and Planets VII
 - 1-1. Why in April, 2021?
 - 1-2. Why in Kyoto, Japan? [1, 2]
2. How to submit a chapter proposal
 - 2-1. Format
 - 2-2. Submission system
 - 2-3. Deadline
3. Rules of chapter proposals
 - 3-1. The number of authors
- ...

In this Chapter, we will discuss how to make Protostars and Planets VII even more productive, fruitful and important for the community. For this purpose, first of all, cooperation of all the participants is essential. Please read the description, policy and rules of chapter proposals before you submit a proposal.

In PPVII, **one author can contribute to only one proposal per person, either as the first author or as a co-author**. In addition, our goal is that each chapter should not be a loosely connected collection of subsections written by individuals, but a comprehensive and coherent review story. Therefore, a proposal with too many co-authors is not recommended. **Proposals with 3-6 authors that provide a broad perspective are encouraged**.

If you encounter any problems during the submission process, do not hesitate to contact the organizers (inquiry_AT_ppvii.org).

We are looking forward to reading excellent proposals and seeing you in Kyoto. If we are lucky, cherry blossom will be in full bloom.
